in Kaveesha Shaminda

🐙 KKShaminda

📍 Colombo, Sri Lanka

PROFILE

As a person who is eager to learn new things and always try to develop myself up to a better state. My curiosity always help me to discover new things and I always try to share my knowledge with others. Especially interested in AI-driven innovation and vibe coding, aiming to collaborate on projects that make a meaningful difference in tech industry and beyond.

EDUCATION

B.Sc. (Hons) in Computing and Information System

2023 - Present

Sabaragamuwa University of Sri Lanka

Advanced Level In Physical Science

2020

Mahanama College, Colombo - 03

PROJECTS

JobLink Portal 🐙

2025

Individual - Ongoing

Technologies Used: **Angular, Dotnet, PostgreSQL**

- Developed a functional job portal featuring a responsive landing page, job listings, job details with dynamic routing, and user login/register forms. Built a dashboard for job seekers and recruiters, including interactive job posting, application forms, and real-time application tracking with mock data. Backend integration for live data and authentication is planned
- **Contribution:** Frontend, Backend

Community Project - Mobile and PC Accessories and Repair Management System 🐙

2025

Group - Ongoing

Technologies Used: **React, MongoDB, Express.js, Node.js**

- Developed a web-based system for Lovely Tech that integrates online product sales and repair management, enabling customers to purchase accessories, book and track repairs, and make secure payments while helping the business manage products, orders, and services efficiently.
- **Contribution:** Frontend, Backend

Capstone Project - Medicare Web App 🐙

2024

Group - Completed

Technologies Used: **Angular, MongoDB, FastAPI**

- Developed a comprehensive healthcare web application that connects patients, doctors, pharmacists, and lab technicians on one platform, enabling AI-powered doctor recommendations, online appointment booking, digital prescriptions, lab report management, and secure access to medical records for efficient and patient-centered hospital management.
- **Contribution:** Frontend, Backend

Group – Complete

Technologies Used: **React**

- Developed a comprehensive web-based platform that connects universities, students, and graduate mentors to deliver interactive courses with tests, assignments, and certifications, while providing personalized career guidance and promoting engagement through a rewarding affiliate referral system.
- **Contribution:** Frontend

TECHNICAL SKILLS

Programming languages

JavaScript, TypeScript, Java, Python, C, C#, PHP, HTML, CSS

Frameworks and Libraries

React.js, React Native (Learning), Tailwind CSS, FastAPI, Angular, Dotnet

Tools and Technologies

Git, GitHub, Docker (learning), Postman, Figma

Databases

MySQL, MongoDB, PostgreSQL

SOFT SKILLS

- Teamwork
- Self-Learning
- Problem Solving
- Adaptability
- Time management
- Leadership

VOLUNTEER EXPERIENCE

Program Team Member – TechTalk v1.0

Organized by the Society of Computer Science – SUSL

Logistic Team Member – PearlHack 3.0

Organized by IEEE WIE Student Branch Affinity Group of SUSL

ACHIEVEMENTS

Top 15 finalists

Nexora 1.0 Inter University Datathon – 2025
NSBM Green University

Participants

IDEALIZE 2025
University of Moratuwa

Participants

Dev{thon} 2.0 – 2025
University of Moratuwa

INTERESTS

- Web Designing
- Vibe Coding
- Graphic designing
